

SF-002T DUST EXTRACTOR

With one only horizontal filter and dust collection bag.

Features

- Low level, horizontal bag, under table type - ideal for panel saws, etc.
- 200mm (8") diameter main inlet to fan cowling.
- Standard inlet adaptor with 1x5" and 2x4" inlets.
- 2hp either phase motor with switch, cord and plug.
- Sheet steel construction of base and fan cowling.
- Four strong castors on base for mobility.
- Woven cotton filter bag to allow free travel of air while also collecting dust.
- Zipper on outer end of bag for easy emptying.
- Motor on fan mounted low down on base of machine, to prevent unit tipping over when being moved.
- Designed to fit under a bench or table to save space. (Table not included)
