

AF-04 CO-MATIC CATERPILLAR TRACK POWER FEED UNIT

Features

- Three side by side caterpillar feed belts running on five pulleys, to safely feed short workpieces.
- Four different feed speeds for various operations – forward and reverse.
- Universally adjustable mounting stand to allow feeding operations vertically, horizontally or at any angle in between.
- Turning type electrical switch for two speed motor and reversible gears to select required speeds.
- A versatile feed unit that can be used on many different types of woodworking machines, particularly on short workpieces.
- CO-MATIC – undisputed world leading supplier of power feeders!
