

AF-40

CO-MATIC POWER FEED UNIT

VARIABLE SPEED POWER FEED UNIT

Features

- Four feed rollers with abrasion resistant vulcanised rubber 'tyres'.
- Steplessly variable feed speed for various operations – forward and reverse.
- Universally adjustable mounting stand to allow feeding operations vertically, horizontally or at any angle in between.
- Turning type switch for electric motor.
- Large turning knob to adjust feed speed only while operating. (Split pulley system inside.)
- A versatile feed unit that can be used on many different types of woodworking machines.
- CO-MATIC – undisputed world leading supplier of power feeders!

Technical Data

Three phase electric motor	1hp
Vertical adjustment stroke	245 mm
Vertical roller suspension limit	20 mm
Diameter of feed rollers	120 mm
Width of feed rollers	60mm (can be doubled to 120mm if required)
Total nett weight	70 kgs
Fully variable feed speed	2.4 to 13 m/min
