

JRS-355

JO-WAY STRAIGHT LINE RIP SAW

Features

- Power driven feed of timber by heavy duty precision bottom feed chain set into work table.
- Feed chain ensures timber is cut perfectly straight, even if incoming stock is curved on both sides.
- Multiple anti-kickback devices ensure safe feeding of timber.
- Side guard and rear guard ensure safe operation.
- Handwheel rise and fall of cutting height adjustment.
- Handwheel adjustment of infeed fence positioning.
- Elevated, convenient electrical control panel.
- Automatic oil pump lubrication of feed chain for long life.

Technical Data

Maximum saw blade diameter	355 mm
Maximum workpiece thickness	120 mm
Throat capacity of machine	460 mm
Variable feed speed range	11 to 45 metres / m
Dust extraction outlet diameter	125 mm
Saw spindle motor	15 hp
Feed drive motor	3 hp
Nett weight of machine	1100 kgs
