

WJ-150

SURFACE PLANER

Features

- Precision machined, ribbed cast iron work tables of substantial length.
- Parallel links support work tables to eliminate any sagging of tables.
- Large, precision machined, cast iron tilting work fence, with hand lever locking and strong central support.
- Heavy gauge, pressed steel body supporting cast iron machine.
- Quick and convenient hand lever adjustment of infeed table to set depth of cut to depth gauge provided.
- Front and rear safety guards to comply with O.H.&S. requirements.
- Precision balanced three-knife circular cutterblock running in sealed-for-life ball bearings.
- Large rebate support bracket to facilitate safe rebating.
- 100mm diameter dust extraction cowling on outfeed end of machine body.

Technical Data:

Overall length of work tables	1410 mm
Maximum planing width	152 mm
Maximum depth of cut and of rebate	12.7 mm
Maximum tilt angle of fence	45 degrees
Diameter of cutterblock	75 mm
Cutterblock drive motor	1hp Single Phase
Diameter of dust exhaust cowling	100 mm
