

# WJ-350

## SURFACE PLANER

### **Features**

- Precision machined, ribbed cast iron work tables of substantial length.
- Parallel links support work tables to eliminate any sagging of tables.
- Large, precision machined, cast iron tilting work fence, with hand lever locking and strong central support.
- Heavy gauge, pressed steel body supporting cast iron machine.
- Quick and convenient hand lever adjustment of infeed table to set depth of cut to depth gauge provided.
- Front and rear safety guards to comply with O.H.&S. requirements.
- Precision balanced three-knife circular cutterblock running in sealed-for-life ball bearings.
- Large rebate support bracket to facilitate safe rebating.
- 100mm diameter dust extraction cowling on outfeed end of machine body.

### **Technical Data:**

|                                    |                    |
|------------------------------------|--------------------|
| Overall length of work tables      | 1943 mm            |
| Maximum planing width              | 203 mm             |
| Maximum depth of cut and of rebate | 12.7 mm            |
| Maximum tilt angle of fence        | 45 degrees         |
| Rotation speed of cutterblock      | 5500 rpm           |
| Diameter of cutterblock            | 75 mm              |
| Cutterblock drive motor            | 1.5hp Single Phase |
| Diameter of dust exhaust cowling   | 100 mm             |
